

To prepare for the GEARS part in the exam, please get familiar with the following points.

- GEARS part from the slides of course: virtual_cell_perturbation_prediction.pdf.
- Code part:
 - Go to <https://github.com/snap-stanford/GEARS>. After following the installation step, you should be able to run the tutorials and understand them.
 - https://github.com/snap-stanford/GEARS/blob/master/demo/data_tutorial.ipynb
 - https://github.com/snap-stanford/GEARS/blob/master/demo/model_tutorial.ipynb
